(8)

It is not the method of calculation of grant that is under consideration but it is the point whether the Madras Schools labour under disabilities which are imposed on Bangalore Schools. This has been explained at length separately. PMC.

(9)

Calculation of grants for Civil and Military Station European Schools is based on capitation excluding non-Europeans and scholars under three years of age. This is not the case in Madras because Madras grants are not given on capitation basis. The drafting by the clerk in regard to this is entirely misleading so far as the first nine lines of para 2 are concerned. The clerk's dealing with this case indicates either laziness or carelessness; for instance, his noting at the end of paragraph 2 of notes to the effect that "grants are allowed to scholars under three years of age, etc." ~~In this~~ indicates he has entirely failed to appreciate the case. He must show cause why an adverse entry should not be made against him in the confidential register.

I have spoken to the Inspector of Schools about this case and he agrees that ~~his recommendations did~~ our Regulations do not contemplate children ~~of~~ under three years of age attending school. That part of Note (1) to - Section 36 cannot be deleted. He says, however, that attendance should be reckoned for non-Europeans because in other provinces such as Bengal, Bihar and Orissa ele such attendance is reckoned and grants in these provinces are assessed on capitation basis. The file will therefore be submitted U/O. to the Inspector of Schools with the request that he will suitably amend his previous recommendation.

4/6

G.O. No. 1795
7th June 1932

To the Inspector of Schools, Coorg and Bangalore, U.O.

In the light of my talk with the Secretary to the Hon'ble the Resident in Mysore, on the subject, I propose, in modification of Mr. Edmonds' recommendation, that only the words "either for non-Europeans, or" in Note (1) to Article 36 be deleted.

2. In support of this amendment, I wish to state that the retention of the part of the note relating to scholars under three years of age would be perfectly consistent with the condition mentioned in Article 7(c); and the direction not to reckon the attendance of such scholars is necessary to avoid erroneous returns from schools. The deletion of the part of the note referring to non-Europeans will make Article 36 consistent not only with the provision for the admission of non-Europeans up to 25 per cent of the total number of scholars but also with Article 6(d) which definitely enjoins that a higher rate of fees shall not be charged for Indian pupils. If no higher rate of fees is to be charged for Indian pupils, grant in respect of those pupils should be give seeing that fees do not provide all the funds necessary for the maintenance of schools. The analogy of the Code of Regulations for European Schools in Bengal, Bihar and Orissa and United Provinces is helpful, since provision is made therein for the admission of non-European pupils up to a certain percentage of the total number on the rolls, on the lines of our Code, and the Government grant is on the capitation basis.

Note (1) to Article 11 of the Code of Regulations for European Schools in Bengal definitely says:-

"Attendance may be reckoned for non-Europeans on the school rolls; but not for pupils under three years of age".

Note (1) to Article 37 of the United Provinces Code says:-

"Attendance may not be reckoned for scholars under three years of age"

And the Code for Bihar and Orissa has literally the same note as the United Provinces Code.

3. If it is not beyond my province, I wish to refer

to the view of the Accountant General, Madras, as to the question whether the proposed amendment requires the sanction of the Government of India. The Accountant General holds the view that the amendment, as originally proposed is at variance with the general principles of the Code, and specifically with Article 7(c) and (d) . The present amendment, however, involves the retention of the part of Note (1) to Article 36 which relates to scholars under three years of age and removes discrepancy, if any, with Article 7(c). As for the part referring to non-European pupils, its deletion involves no inconsistency whatever with Article 7(d), or any other provision of the Code. Article 7(d) merely excludes from the benefit of the Government Grant, a school in which the number of non-Europeans exceeds 25 per cent of the total number of scholars. It does not provide for disallowance of grant on behalf of non-European pupils within the limit prescribed. I am therefore inclined, on the other hand, to the view that the deletion of that part of Note (1) to Article 36 is far from being at variance with Article 7(d). There is no departure involved from the general principles on which the Code is constructed and, accordingly, no need for obtaining the sanction of the Government of India to the amendment as proposed now.

M. S. Nizamuddin
Inspector of Schools.

Secretary/
to the Resident

W/O.
No. 1520/16-24
11-6-1932

OFFICE OF THE RESIDENT IN MYSORE
13 JUNE 1932
Regd. No. 5299

13/6/32

The amendment as now proposed by the Inspector of Schools is as follows:-

'In Note(1) under Article 36, delete the words "either for non-Europeans, or".'

This is not inconsistent with Article 7(d) and the Inspector says that it does not involve departure from the general principles on which the Code is constructed and that, accordingly, there is no need for obtaining the sanction of the Govt. of India.

The Accountant-General, Madras, may be consulted.

S N 10

<u>Letter No.T.13.Bang.940, dated the 4th/5th August 1932, from the Accountant-General, Madras.</u>

In S N 1, the Inspector of Schools proposed the deletion of Note (1) under Article 36 of the Code of Regulations for European Schools. This was referred to the Accountant-General, Madras. He stated that the amendment required the sanction of the Govt. of India. The Inspector subsequently proposed the deletion of only the words "either for non-Europeans, or" in Note (1). The Accountant-General was asked whether this amendment could be sanctioned by the Hon'ble the Resident. The Accountant-General says that the proposed amendment makes the scale prescribed in Article 37 applicable to non-European scholars which constitutes, in the opinion of his office, a departure from the fundamental principles underlying the regulations and that the sanction

of the Govt. of India is therefore necessary. He adds that if the loss in grant under Article 37 can be made up by a supplementary grant under Article 38, there appears to be no need for the proposed amendment and suggests that this aspect of the question be also taken into consideration.

A copy of P.U.C. may be forwarded to the Inspector of Schools for his remarks.

Inspector of Schools, Coorg and Bangalore.

(15)

Please see para 14 of these notes.

The Inspector of Schools considers the amendment necessary as it will remove an anomoly in the Code which has no parallel in the Codes for European Schools in British Indian Provinces, viz., Bengal, United Provinces and Bihar and Orissa.

(X) Vide para 5 of S.N. 4 792/31 ✓ (B/1) ✓

So long as a supplementary grant, which is equal to the difference between the admissible expenditure on the one hand and the grant under Article 37 and the net income on the other, is given, the exclusion of attendance of non-European scholars for grant under Article 37 does not materially affect any school. However, the amendment to Note (1) as requested by the Inspector would remove an anomaly and bring our code on a line with those in Bengal, United Provinces and Bihar and Orissa.

F.F.C. Edmonds Esq., M.A., B.Sc.,
Inspector of Schools, Coorg & Bangalore.

To

The Secretary to the Hon'ble the Resident
in Mysore, Bangalore.

Sir,

I have the honour to invite your kind attention to Note (1) to article 36 of the Code of Regulations for European Schools. I find that its requirements have not been observed hitherto by most of the European Schools of this Station, in submitting their annual returns. The operation of this condition would reduce the grants given under article 37; but a consideration of the financial affairs of the school determines the total grant payable and if the grant under article 37 is less, then the grant under article 38 will be correspondingly more. It makes no difference to the total grant.

2. There is no such note in the Madras Grant-in-Aid Code for European Schools. Schools are permitted to take up to 25% of Indian pupils and it is illogical if we, on the one hand permit them to do this, and on the other, reduce their guaranteed grant because they do so. This note is a relic of an interprovincial Code from which our present code was drawn up and I can see no justification for its operation.

3. In these circumstances, I request you to be good enough to obtain and communicate to me the orders of the Hon'ble the Resident deleting the note in question.

4. I should propose the removal of this note in any case

in the course of the revision of this code which I am now engaged upon. But I am putting this up now in order to meet any possible objection from the Audit Officer, in respect of the current year's grants.]

I have the honour to be,

Sir,

Your most obedient servant,

J Edmonds

Inspector of Schools,

Coorg & Bangalore.

Teaching grant on behalf of scholars under three years of age and non-European scholars in European Schools.

Sir,

I am directed to state that, under the Code of Regulations for European Schools in the Civil and Military Station of Bangalore, attendance of non-European scholars and scholars under three years of age is not taken into account in the calculation of teaching grants payable to European Schools. It is proposed to amend the Code so as to permit of payment of grant on account of these two kinds of scholars. I am to enquire whether there is any restriction observed in the Madras Presidency in point of payment of teaching grants as regards these scholars apart from the condition laid down in clause (c) of Article 131 of the Code of Regulations for European Schools issued by the Govt. of Madras.

Subject:- Amendment to Note (1) under Article 36 of the Code of Regulations for European Schools in the Civil and Military Station Bangalore.

SIR,

Recd. 8.8.32
Indexed 9.8.32

S.N.9

With reference to your letter No.4583/N.3/1932, dated the 11th July 1932 on the above subject, I have the honour to state that under Article 37 of the Code of Regulations for European Schools, the grant payable is dependent on the number of scholars in ordinary attendance; the term "ordinary attendance" has been, for this purpose, defined in Article 36; and Note (1) thereunder excludes non-Europeans in reckoning such ~~such~~ attendance. As the proposed amendment is to do away with this restriction, it makes the scale prescribed in Article 37 applicable to non-European scholars which constitutes in the opinion of this office, a departure from the fundamental principles underlying the regulations. The sanction of the Government of India to the proposed amendment is therefore necessary.

2. I might in this connection refer to the remark of the Inspector of Schools in paragraph 1 of his letter No. 521/3-24, dated the 20th February 1932 to your address that it makes no difference to the total grant whether the amendment is made or not; for, if under the operation of note (1) to Rule 36, the grant under Rule 37 is less than the grant under Rule 38, would be correspondingly more. It is however doubtful if the reduction under Rule 37 would exactly be balanced by an increase

S.N.1

increased discretionary grant under Rule 38. But, if this be the real position, there appears to be no need for the proposed amendment and I would suggest that this aspect of the question be also taken into consideration.

I have the honour to be,

Sir,

Your obedient servant,

R. Srirangarajan

Assistant Accounts Officer.

Sir,

S.N.11 (W)

With reference to your Memo No.5648/113.1932, dated 25.8.1932, I have the honour to state that as already pointed out by me in My U.O. Note No.1520/16-24, dated 11.6.1932, the proposed amendment will not be at variance with Article 7(d) of the Code of Regulations for European Schools, nor will it increase the total grant payable to an Institution under Articles 37 and 38, as explained by Mr. Edmonds in his letter No.521/3-24 dated 20.2.1932. If, however, the Accountant General considers the sanction of the Government of India to the proposed amendment necessary, it may kindly be obtained. As to the last sentence in the Accountant General's letter under reference, I consider the amendment necessary, as it will remove an anamoly in the Code, which, as I pointed out in the U.O.Note referred to above, has no parallel in the Codes for European Schools in the other British Indian Provinces.

No. 7682 Dated 14th Nov. 1932
Enc. 1

From

The Hon'ble the Resident in Mysore.

To

The Political Secretary to the
Government of India,
Foreign and Political Department.

Amendment of Note (1) under Article 36 of the Code of Regulations for European Schools in the Civil and Military Station of Bangalore.

S.N. 7
283-1930

Sir,

I have the honour to refer to Mr. Smith's Memorandum No. F.4-R/31, dated the 31st January, 1931, conveying sanction to the amendment of Article 7(d) of the Code of Regulations for European Schools in the Civil and Military Station of Bangalore.

2. Under Article 6(e) of the Code, the European Schools in the Civil and Military Station of Bangalore are required to admit suitable Indian pupils up to 25 per cent of the total strength of the schools, which is

the

the limit fixed under article 7(d) as amended by the memorandum quoted above. The schools are however denied a grant under article 37 on account of such pupils as under note (1) to article 36 the attendances of non-Europeans are not reckoned for purposes of such grants. To require the Schools to admit non-European pupils on the one hand and to deny them grants, on the other, when they do so, seems illogical and anomalous. The Code of Regulations for European Schools in Bengal, (vide Chapter XI, Article 11, Note (1)) permits the reckoning of attendance for non-Europeans for purposes of a grant under Article 12 thereof. Similarly, Note (1) under Article 37 of the Code of Regulations for European Schools in the United Provinces and a similar note under Article 42 of the Code of Regulations for European Schools in Bihar

and Orissa do not exclude attendance of non-Europeans for purposes of ordinary grants.

3. Under Article 6(d), fees charged for Indian pupils shall not be in excess of those charged for European pupils. If no higher rate of fees is to be charged for non-European pupils, it is only reasonable that a grant in respect of such pupils should be given, seeing that these schools cannot be maintained out of fees alone.

4. In the circumstances explained in paragraphs 2 & 3 above, I am of opinion that that part of Note (1) under Article 36 which relates to non-Europeans should be deleted and I enclose a draft amendment.

5. The Accountant General, Madras, considers that the amendment involves a departure from the fundamental principles underlying the Regulations

Para. 1 of S.N. 10 V

and

and that the sanction of the Government of India is therefore necessary.

In the circumstances, I request that the Government of India will be pleased to sanction the proposed amendment.

I have, etc.,
